

SAGAR POLYMERS

RECYCLING PLASTIC, REVIVING EARTH

RECYCLING TODAY SUSTAINING TOMORROW

About Us

Sagar Polymers is a Daman-based leader in reprocessed plastic granules like LD, PP, HD, HIPS, and ABS. With 10+ years of experience, we provide sustainable, high-quality materials to industries such as molding, extrusion, agriculture, and packaging.

Why Choose Us?

- ✓ Plastic Waste Management
- ✓ EPR Compliance
- ✓ High-Quality Granules

Our Products

PP GRANULES

LD GRANULES

HD GRANULES

HIPS GRANULES

WHERE WASTE BECOMES WORTH

ERP SERVICE

We offer EPR certification for businesses managing plastic waste, ensuring regulatory compliance. Our services include registration, waste collection, recycling, and complete EPR management. With expert guidance, we help businesses enhance sustainability, reduce their environmental impact, and contribute to a cleaner, greener future for all.
